**Fax:** 901-756-9889

**Qualifications:** America's Homecoming Queen began in 1981, and is a very unique Selection, since participation is by invitation only. To qualify, you must be a high school homecoming queen, football or basketball and have never participated in America's Homecoming Queen Selection before. This means that each queen participates only once, and every year there is a different group of girls competing for the state and national title. In most Pageants you have girls who have been there before, and this gives them an advantage. America's Homecoming Queen Selection eliminates all politics, since all of the girls are competing for the first time. Each state winner will receive a dream of a lifetime, a trip to the National Selection. In order to be eligible, you must submit an official application to the national office.

A preliminary judging for each state will be made from the applications received. Finalists will be selected to compete for their respective state's title. Our judges are selected from the fields of education, travel, and public relations, and are committed to the welfare of the youth of this nation.

If you are selected as a state finalist, you will compete in personal interviews and prom gown competition only. There is no swimsuit or talent competition. We are looking for the all American girl who wants a career.
