

# 2009 Destination ImagiNation State Tournament

hosted by Cypress Fairbanks ISD HORIZONS  
April 4<sup>th</sup>, 2009

Who: Over 300 student teams from across the state

What: 2009 Destination ImagiNation State Tournament

Where: Cypress Woods High School  
Spillane Middle School

When: Saturday, April 4, 2009

Awards Ceremony:

Richard E. Berry Center Arena – 7:00 p.m.

Doors open: 6:00 p.m.

We hope you will be there to celebrate students as they compete to demonstrate their intellectual and creative strengths and ability to work collaboratively in a team.

## Challenges:

### A - Operation Cooperation

Design and construct two machines that travel and complete 12 tasks.

### B - Instinct Messaging

Create and present a theatrical presentation with an original story that demonstrates creature communication.

### C - ViDlo Lit Hits

Create a live music ViDlo that dramatically retells a piece of literature with integrated music & team-created lyrics.

### D - Private DI

Create an improvisational skit about the origin of a randomly selected superstition, styles of three different film genres integrating a sleuth.

### E - A New Angle

Design, build, and test a two-part structure made completely of wood and glue including a story about the merging of two art forms of art to create a new form of artistic expression

### project OUTREACH – Take Charge!

Solve and present the solution to the real problem of poor nutrition, physical inactivity and obesity.

### DI eXtreme

Push the boundaries of DI – the ultimate test of teamwork & creative problem-solving.

## Schedule of Teams

We have included a list of teams we felt were worth watching...

High	eXtreme	1	Jersey Village HS	Cy-Fair ISD	11:10	Cy-Woods
High	eXtreme	1	Independent	Independent	12:30	Cy-Woods
High	eXtreme	2	Cy-Woods HS	Cy-Fair ISD	2:50	Cy-Woods

Every year, the tournament sponsor, Destination ImagiNation (DI), creates Challenges to develop and test student skills and talents in many areas, including scientific understanding, theatrical performance, technical prowess, improvisation, and structural engineering. DI teams spent weeks perfecting their Challenge solutions, and their presentations which typically are bursting with distinctive creativity and innovation. Top teams from the sixteen Texas regions have advanced to the state tournament, being held this weekend, where they can qualify to compete with 20,000 other students in the DI Global Finals in Knoxville, Tennessee, in late May. The competition offers an emerging view or 21<sup>st</sup> century education – one that has creativity, teamwork and innovation at its core.
