**TIPS FOR FINDING PHYSICIAN IN YOUR CIGNA HEALTHCARE NETWORKS**

CIGNA HealthCare offers several types of healthcare benefit plans and provider networks. The CIGNA HealthCare Provider Network available to you depends upon the type of coverage for which you enrolled. There are several ways in which you can look for physicians in your network.

- **The Provider Directory** – This is a hard copy booklet. While the networks don't change frequently, please keep in mind that the information may change after the booklet's print date.
- **The Web Site** – The CIGNA HealthCare web site, [www.cigna.com](http://www.cigna.com), is updated every three weeks.
- **Calling Member Services** – When you call CIGNA HealthCare Member Services at the number on your member ID card, the Customer Service Associate can query the central provider file to provide current information about physicians.
