

2X10 Technique

As Tough as Necessary -Dr. Curwin

Step 1: Find out student's interest(s).

Step 2: For 10 consecutive days, plan "chance" two-minute meetings.

Step 3. When you "happen upon" student, greet and engage in quick conversation about student's interest. Do not talk about class, behavior, school work etc. etc.

Step 4: Move from teacher talking to student talking.

Step 5: Try to get student when peers do not surround him/her.

Step 6: Be prepared for REJECTION. Handle rejection in a professional manner.
