Re: **Award of 09-06-1653RFP Wireless Network Communications Equipment**

The district has been fortunate to have received responses from several qualified providers. Based upon the proposals submitted and the evaluation criteria set forth in the RFP, I recommend the award of a contract to NWN Corporation, in the amount of \$736,407.72. Please see the attachment for a comparison of evaluation scores and costs.

We appreciate the support of the Purchasing Department in assisting the district in this regard.
