Pre-kindergarten

CFISD provides a state-funded half-day pre-kindergarten program for students whose economic situation or limited English proficiency might impede their success in school. Through pre-kindergarten experiences, these children are provided with the extra academic support needed to prepare them for kindergarten.

To qualify for enrollment in a pre-kindergarten class, a child must be 4 years of age on or before Sept. 1, 2007, and meet at least one of the following criteria: the child is unable to speak and comprehend the English language; is economically disadvantaged based on family income, food stamp/TANF case number, or documented foster child; is homeless; or has a parent who is an active duty member of the military. Transportation is provided to and from school. Students who qualify by income are eligible for free or reduced meals.

EXEMPTIONS

The law allows (a) physicians to write a statement stating that the vaccine(s) required would be medically harmful or injurious to the health and well-being of the child, and (b) parents/guardians to choose an exemption from immunization requirements for reasons of conscience, including a religious belief. The law does not allow parents/guardians to elect an exemption simply because of inconvenience (a record is lost or incomplete and it is too much trouble to go to a physician or clinic to correct the problem).

For children needing medical exemptions, an official document signed by the physician should be submitted to the school.

Instructions for the affidavit to be signed by parents/guardians choosing the exemption for reasons of conscience, including a religious belief, can be found at www.ImmunizeTexas.com.
