

# SUBSTANCE USE RESOURCE PORTAL

The Substance Use Awareness & Prevention Program is happy to announce that it has published its long-anticipated Substance Use Resource Portal.

## Substance Use Awareness & Prevention Portal

Welcome to Cypress-Fairbanks ISD's [Substance Use Awareness & Prevention Portal](#). We understand that talking about substances with your children and having factual information to share with them can be a challenge. In this space you will find valuable information on local service providers along with helpful videos and handouts to bolster your understanding regarding substance use. Our hope is to partner with you to *Bring Out The Best* in every single student in the Cypress-Fairbanks school district.

If you have suggestions on content that you would like to see here or information you would like to learn more about, feel free to email Veronica Garza at [veronica.garza2@cfisd.net](mailto:veronica.garza2@cfisd.net).
