Please list all children in family who will be car riders:

Student Name	Teacher	Grade

In addition to the guardians named above, the following individuals have my permission to pick my children up:

Driver #1	
Driver #2	
Driver #3	
Driver #4	

I understand that school dismisses at 3:30 each day and I am responsible for picking my children up in a timely manner. Students not picked up before loading is completed will be taken to the office where parents must park and sign them out from the front office. Car tags must be displayed by hanging them from the rear view mirror so that staff can identify your unique number. If tags are lost or damaged, new ones may be obtained from the front office.

Drivers without tags displayed will be asked to present an ID so that records can be checked for security.

Please remain in your vehicle at all times while students are loaded and unloaded; this helps our line to run safely, quickly and efficiently.
