

**GIVING STUDENTS  
OUR BEST!!**

The theme for Black History Month 2024 focuses on “**African Americans and the Arts**”. This theme is infused with African, Caribbean, and Black American lived experiences. In the fields of visual and performing arts, literature, fashion, folklore, language, film, music, architecture, culinary and other forms of cultural expression the African-American influence has been paramount. African-American artists have used art to preserve history and community memory as well as for empowerment. Artistic and cultural movements such as the New Negro, Black Arts, Black Renaissance, hip-hop, and Afrofuturism, have been led by people of African descent and set the standard for popular trends around the world. In 2024, we examine the varied history and life of African-American arts and artisans.
