Phonics Express

YOU ARE HERE

Phonics Express-Students explore the sounds of our language with games that focus on sound matching, identifying beginning/middle/ending sounds, rhyming, and more.
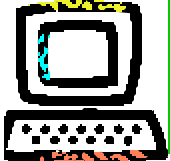

Carnival Countdown- Interactive games that focus on counting, sorting, adding, subtracting, and building patterns and sets. Includes teacher options.

Reader Rabbit "Learn To Read"-Children are engaged in balanced literacy activities, such as letter-sound relationships, phonemic awareness, sight words, and engaging story books.
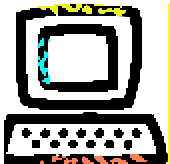

Zoo Zillions-A visit to the zoo extends students' math skills with addition and subtraction stories, coin identification and value, spatial skill development, and number line activities. Includes teacher options.

Kid Pix Deluxe –Children use graphics and text options to create products, and to write, illustrate, and publish their own stories.

Thinkin' Things-Children develop critical-thinking skills by exploring, creating, and investigating with pattern and memory activities. Includes teacher options.

Kid Works Deluxe-(A partner to Kid Pix Deluxe) Students use the software to write, illustrate, and publish their own stories.

Read, Write, and Type-Beginning keyboarding skills are developed with games and activities that range from simple to complex. Includes teacher options.
