

Orthopedic Impairment (OI)

Definition

A student with an orthopedic impairment is one who has been determined to meet the criteria for orthopedic impairment (a severe orthopedic impairment that adversely affects a child's educational performance, including impairments caused by congenital anomalies, diseases and other causes)

Required Eligibility Forms

- FIE (including present levels of performance and recommendations for students who are eligible)
- Evaluation report for orthopedic impairment, completed by a physician

The multidisciplinary team that collects or review evaluation data must include a licensed physician. The licensed physician documents the required information and signs/dates the disability report.

ARD/IEP Requirements

Follow standard ARD/IEP procedures; no specific supplements are required.
