

Grab a refreshment and help Adam Elementary!

You and your family can help our Eagles by simply donating the Coca-Cola product points that you already enjoy! Your point donations will go directly to help fund our new playground equipment.

Bottles have a code under the cap worth 3 points

24pk of 12oz cans have a code under the flap worth 20 points

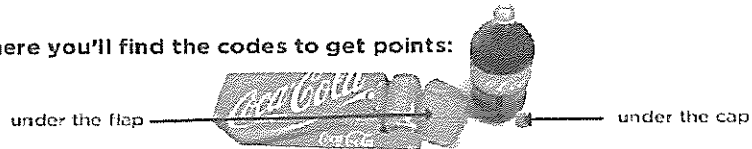

12pk of 12oz cans have a code under the flap worth 10 points

32pk of 12oz cans have a code under the wrap worth 25 points

Here's where you'll find the codes to get points:

Option 1: Enter Codes through their website

1. Visit the site <https://us.coca-cola.com/give/schools/>
2. Search B F Adam Elementary School or by zip code 77065
3. Create an account with a valid email/Google Account/Facebook Account
4. Enter the code manually from your Coca Cola Product and it will be donated to the Adam PTO! NOTE: If you visit the site using your mobile phone you simply take a picture of the code instead of entering it manually!

Option 2: Send your caps and case clippings into school and the PTO will take care of it for you!

1. Each time you purchase a 12 pack or case of Coke products, you can simply bring in the clippings into school for us to be able to enter the codes.
2. Each time you purchase bottles of Coke products, you can bring in the caps for us to enter the codes.
** Please make sure the caps are clean and dry.
3. If you are saving up codes to bring in, place your clean and dry caps into a zip lock style bag. There will be a collection bin for you to drop them off in.

Thanks for your support!

FRESCA
