#### **Problem Statements Identifying Student Achievement Needs**

**Problem Statement 1:** RLA: Keith Elementary students need more opportunities to practice written responses to their reading with specific feedback. **Root Cause:** RLA: Keith Elementary teachers need to purposefully plan and implement written response opportunities for students.

Problem Statement 2: Math: Keith Elementary students do not consistently understand and use vertically aligned strategies and language in math. Root Cause: Math: Keith Elementary teachers need more opportunities for improving the vertical alignment of strategies and language in math.

**Problem Statement 3:** Science: Keith Elementary students need hands-on learning opportunities to ensure a solid understanding of scientific concepts. **Root Cause:** Science: Keith Elementary teachers need to plan and implement differentiated hands-on learning opportunities.

**Problem Statement 4:** Students are beginning the 2023-24 school year with learning gaps. **Root Cause:** The onset of COVID-19 in the spring of 2020 and the implications of modified instructional methods necessitated by the need for immediate remote learning.

### **School Culture and Climate**

School Culture and Climate Summary

### School Culture and Climate Strengths

The following are strengths of the campus in regard to school culture and climate.

According to the 2022-23 Employee Perception Survey, at least 90% of the Keith Elementary staff agrees or strongly agrees that:

- Opportunities exist for me to think for myself.
- Opportunities for professional growth are available.
- Procedures have been implemented to keep me safe at work.
- Quality work is expected of me.
- Collaboration is encouraged and practiced.
- There are opportunities to discuss my concerns with my campus administrators.
- Information related to my job is accessible.
- Staff appreciation is built into the school culture.
- I am clear about my job responsibilities.
- Quality work is expected of students.
- Decisions are data-driven.

#### Problem Statements Identifying School Culture and Climate Needs

Problem Statement 1: School Culture and Climate: Only 78% of Keith Elementary staff "agrees" or "strongly agrees" that "various forms of feedback are given to me to help me improve my performance." Root Cause: School Culture and Climate: Keith Administrative team needs to continue to provide more opportunities for feedback.

## Staff Quality, Recruitment, and Retention

### Staff Quality, Recruitment, and Retention Strengths

The following are strengths of the campus in regard to staff quality, recruitment, and retention.

According to the 2022-23 Employee Perception Survey, the culture at Keith is one where everyone is valued, intently listened to, and hard work is celebrated.

We have created a shared mission and vision at Keith Elementary where we focus on five tenets: caring community, growing the whole child, collaboration and innovation, relationships and respect, and communication. We incorporate "Cheers for Peers" at each staff meeting, distribute staff cash for acknowledgments, write hand-written letters of appreciation, and share staff shout-outs in the weekly newsletter

Our teachers are highly qualified. Teachers participate in specific professional development opportunities based on student/campus needs which results in not only the growth of our teachers' best practices but there is an increase in student achievement as indicated on STAAR and district assessments.

We include teachers and additional staff on interview panels for openings. Teacher input is imperative as we continue to fill the campus with highly qualified staff members who share the same goals and vision for educating our students. Staff members are committed to the students and their success.

CF-TESS gives teachers the opportunity to set goals that impact their overall growth as an educator. Teachers continue to learn and implement best practices in order to meet the specific needs of their students. Teachers primarily set goals to provide more differentiated and student-centered instruction in order to best meet the needs of the students. Campus administrators have an open-door policy and the staff feels comfortable talking openly with them. Professional development opportunities are provided throughout the year based on teacher and student needs across all grade levels and content areas.

#### Problem Statements Identifying Staff Quality, Recruitment, and Retention Needs

**Problem Statement 1:** Teacher/Paraprofessional Attendance: Our staff sometimes misses Fridays and Mondays in order to create long weekends. **Root Cause:** Teacher/Paraprofessional Attendance: We need to encourage our staff to only use personal days when absolutely necessary.

## Parent and Community Engagement

### Parent and Community Engagement Strengths

The following are strengths of the campus in regard to parent and community engagement.

- \* Meet the Teacher was face-to-face, and almost all parents attended.
- \* Curriculum Information- A virtual slide deck is shared with all parents so they can continue to reference it all year long.

\* Keith Horizons Showcase- Three different Horizons showcases are held for Keith students. One is on campus, and all students in the Horizons program are eligible to participate. Additionally, vertical horizons showcases are held at Cy-Woods High School and Bridgeland High School. Selected students participate in these vertical showcases.

- \* Music programs- K, 2nd grade, 3rd grade, and 4th grade students present in-person music programs.
- \* Sock Hop- Sock Hop is our annual event that is extremely successful in bringing in community participation and engagement.
- \* McTeacher Night and Spring Creek BBQ nights allow our teachers to interact with our students in the community.
- \* Each grade level hosts a parent involvement event related to their curriculum.
- \* Monthly newsletter and calendar are distributed to increase parent participation.

### Problem Statements Identifying Parent and Community Engagement Needs

Problem Statement 1: Parent and Community Engagement: Parent participation across all demographics is not equal. Root Cause: Parent and Community Engagement: We need to offer events at various times throughout the day and offer virtual opportunities when appropriate.

## Goals
