

Notice to Parents of Students New to Cypress-Fairbanks ISD: Testing for the Gifted and Talented Program

Cypress-Fairbanks ISD provides Fall Testing for HORIZONS - our gifted and talented program - to students who have moved from out-of-state schools, private schools, or home schools. (Charter schools are considered as public schools.)

- Parents/guardians interested in having their children screened for gifted and talented services, should inform the elementary Counselor or the secondary Director of Instruction at the campus during registration.
- Testing will be administered ONLY if the student has not been previously identified by his/her former school.
- Parents/guardians will be asked to complete a *Parent Survey and Permission to Test* form.
- Testing will occur September 13 through September 28, 2018. The specific date will be determined by each campus.
- If the student qualifies for HORIZONS, parents/guardians will receive a notification letter of placement/qualification and will be asked to sign a *Parent Permission for Services* form. Once permission is granted and sent to the campus, the student will begin receiving GT services.
- If the student does not qualify, he/she may not be referred again for testing until the *Open-Referral Period* during the 2019-2020 school year.

Cypress-Fairbanks ISD provides Mid-year HORIZONS Testing to current Cypress-Fairbanks ISD students and students who have moved from other districts in Texas including charter schools.

- The *Open-Referral Period* begins October 1 and closes November 30, 2018.
- At that time, parents interested in having their children screened should contact the elementary campus Counselor or secondary Campus Director of Instruction for additional information.
- Students may test for the GT program only once a year.
