

CFISD Project-based Research in Multimedia

Scope and Sequence

Course Description:

This course is a supervised research study project-based class where students will apply knowledge and skills from previous animation and/or web technologies courses in a related advanced/ specialized field of study. Students are required to submit a formal project plan within 15 school days after enrollment in the course. The plan should specify the additional concepts and/ or technologies that will be studied and utilized, along with an overview of the culminating project. (1credit)
