Refer to Camp Descriptions page for information regarding camps.

CAMP DESCRIPTIONS

1, 2, 3 Come Cook with Me

Join us in becoming amazing chefs this summer! We will cook up lots of delicious food, snacks, and desserts. Our kitchen will be filled with everything from cheesy pepperoni pizza to spaghetti and meatballs to chocolate gooey brownies! Come join in on all the cooking fun!

Basketball Skills and Drills

Hype up your basketball game in this camp! Campers will participate in various drills that aim to improve their skills on the court such as ball handling, layups, and shooting the two-pointers! Show off your newly adopted skills in 3:3 and 5:5 scrimmages. Are you ready for this?

Blenderize This!

When is a blender more than a blender? When it's Summer Fun Camp time, of course! Chocolate brownies, restaurant style salsa, and cheesecake all made in a blender! Join me as we create crazy, delicious, BLENDERIZED recipes!

Camp Dramapalooza

Young actors will be "on their feet" learning through improvisation and theater games. Have fun creating and performing an original script. This is a great way to have fun and explore the creative world of theater. Creative movement and dance, acting, mime, improvisation, and arts and crafts are included every day of camp.

Cheese!

Do you love taking photographs? Take your skill to the next level with better composition, lighting tips, and practice. Learn what all the buttons on your camera will do and how to use them for better images. Bring your digital camera and jump into the fun. At the end of camp, a DVD will be provided of the best class photos and you will take home prints of your best work. Be sure to bring your camera on the first day.

Cheese! 2.0

Now that you've got your images, what do you do next? We will take those images to the next level with computer editing. Learn how to crop and enhance images for publishing while discussing the issue of altered photographs. Students will leave with a finished product highlighting their best images over the summer. Cheese 2.0 is intended to be a continuation of Cheese but students with digital images are permitted. No camera required, just bring your images on a media card or CD on the first day of camp.

Chocolate Factory

Willy Wonka has nothing on us! If you love chocolate (and who doesn't), join us as we experience making, baking, painting, and exploring all that is related to the culinary wonder. In addition to designing our own candy bars, we will make lots of tasty treats and enjoy chocolate related activities galore!

Construction Chaos

This camp is all about building! We will create structures using Legos, magnets, and marbles! We will use recycled objects, wood, and even food! The construction crew will stay busy using their creative imaginations. Grab your tool belts and get constructive!

Cookies with Kara

Who doesn't love cookies? In this camp you will learn how to cook a variety of cookies that you will be able to turn into an artistic kooky creation with icing and toppings. Be ready to get a little kooky with your cookies and maybe a little messy in this camp.

Cooking Around the World

Explore the world with food! This camp will be all about cuisine from around the world. Join me as we visit Italy, Mexico, and even make our own dish from China. Which will be your favorite? Let's get to cooking' and find out!

Craft Craze!

Do you like creating and decorating things? Unleash your creativity and join us as we get crazy for crafts! We will create beautiful works of art and many more super cool and exciting things! These can be awesome gifts for friends or to keep for yourself! Just be ready to get crazy, get messy, and have fun!

Crazy Chemistry

Can you blow up a balloon without using your mouth? Yes, you can. Can you produce heat without a fire or electricity? You can do that, too. You can even make rock candy without any rocks. If you want to know crazy chemistry secrets, this camp is for you.

CSI Camp

Do you have what it takes to be a crime scene investigator? Find out by playing the role of a crime scene investigator at CSI Camp! Campers will learn real procedures for crime scene investigation including collecting fingerprints, analyzing ink through chromatography, and inspecting fiber evidence. Campers will interrogate suspects and piece all the evidence together to solve the crime.

Dance Party Extreme

Party in the USA! Are you the type that loves to dance wherever you are? I am! So, join me as we get to movin' and groovin'! Learn what it is to luau, have a fiesta, and pajama jam! Don't miss out on this camp that is all about dancing!

Duct Tape Art

Did you know you could make your own wallet out of duct tape? Join this camp and learn how to make a wallet and a variety of other crafts out of colorful duct tape. We will make rose pens, wallets, pencil bags, and other fun crafts – all created with duct tape! This camp will be a blast for both boys and girls.

Electric Endeavors

Harness the power of electricity in this camp. Don't worry- we aren't flying kites but we will be using electricity to create some crazy and interesting inventions. At the end of this camp, your creations will be right up there with Edison's discovery.

E-magination Computer Creations

Use your imagination with the help of the computer to create scrapbooks, presentations, game shows, art, and music. Use your creative genius to express your ideas in the many different forms of digital media.

Everything that Flies and Glides

It's a bird...it's a plane...it's everything that flies and glides! Do you like making paper airplanes? Want to make a hovercraft? We will spend the week exploring the scientific principles involved in flight by experimenting with hovercrafts, paper airplanes, balloon rockets, and more! Join us for the fun!

Folding Frenzy

Wow your friends! Amaze your family! Be the envy of many! Come explore the world of origami. Begin with ordinary sheets of paper and create impressive forms by learning how to fold flapping cranes, jumping frogs, dollar jewelry, poppers, containers, envelopes, and other object d'art!

Full STEAM Ahead

This camp is all this: science, technology, engineering, and math. You will be faced with several challenges this week. You could be asked to build a bridge that can support the weight of 500 pennies. Or, maybe, construct a paper cube without tape or glue that can be tossed in the air without falling apart. Yet, still, you could be asked to solve a cup stacking dilemma. If you like to solve challenges, we will be here ready to give them out!

The Gamut of Games

Everyone seems to play games on their phone or gaming systems these days. But what happened to dice, card games, and good old fashioned board games? We've got them! Join us this week as we re-discover what fun was like "in the old days." We will even work to create our very own board game to play with the friends that we make this week. Roll the dice with me and let's play!

Get Your Game On

Do you like P.E.? Have you heard of Knock Out, Hula Hoop Dodge, or Scooter Boat Relays? Do you like to play games with balloons, scarves, deck rings, and basketballs? Come join us for an array of your favorite gym games and activities. An "Athlete of the Day" will be awarded for top skills and sportsmanship.

Go, Go Pokémon

Squirtle, Charmander, and Pidgey will all be here as we turn the mobile app game into a real life hunt! Create your own character and make your own pokeball for game play. But aim carefully, great Pokémon hunters rarely miss. This week will be full of fun and Fearows!

Green Screen Authors

Do you love graphic novels? Would you like to be the author of your own graphic novel and make the story come to life using green screen technology? You are only limited by your imagination!

Have You Pinned Lately?

Are you the artsy/crafty type and want to learn some fun crafts this summer? Then join this camp for the summer and make some awesome crafts! We will use ideas from Pinterest and many other crafting outlets. Are you ready? Let's Pin!

High Hoops

Basketball is a team sport- no player is successful without a team in this game. Improve your ball handling, shooting, and passing skills here. Learn what it means to be a part of a team as we play tournaments while improving our game. Here, you don't need wings to soar, come as you are.

Jedi Training Academy

In a galaxy not so far away, Master Luke requests that all force sensitives begin their Jedi training to protect us from the Dark Side. Accept this challenge and become a Jedi Knight, receive your very own uniform and light saber. Have light saber training and enjoy themed treats from planets among the universe, partake in the knighting ceremony along with so much more. May the Force be with you as you sign-up for out-of-this-world fun!

Legomania

If you like to build and create using Legos and your imagination, then this is the camp for you! Come and create towns, cities, people, animals, and any other things your mind can imagine using Legos. Legos big and Legos small, we will create using them all!

Little Einsteins Academy

This is the place for weird and wacky science! We will conduct demonstrations and experiments such as making a volcano and slime. We'll learn about the unique abilities of some talented animals and try our hand at science trivia games. Be ready to grow your brain in Little Einsteins Academy.

Little Paleontologists

Oh give me a home, where the dinosaurs roam – Come join us as we explore the land of dinosaurs. Ever wondered what a dinosaur footprint looked like? Could there be dinosaurs' eggs hiding around the campsite? Don't forget to wear your sun hat as we excavate dinosaur fossils from the ice. Come and explore but watch out for Tyrannosaurus Rex!

Minecraft Mania

Is Steve your favorite character? Or is it a creeper? If these character names ring a bell, you have found your camp home. Create a world, make a character from wood, and even restore your energy with baked potatoes and cookies. Come experience the world of Minecraft, extended beyond the game.

Nerf Battles Unleashed

Let the battle begin! Join us for a week of target practice and combat as you compete against each other using Nerf, to defend your turf. Master your skills in the ultimate challenge, while helping your team become victorious with Nerf weaponry and sports. Then, embark on an epic adventure where you create a dart battlefield and declare war! Sign up, because it is time to unleash your Nerf battle champion!

Nothing but Cakes

You can never go wrong with chocolate and vanilla in a cake. This week, though, we plan to go wild with flavor as we create all cakes, all the time. Bring any and all ideas as we work through the recipes to create our own flavors, shapes, and sizes of cake!

Nothing but Dodgeball

The name says it all! This camp will be nothing but dodgeball. Come learn to play different variations of the classic game. Ever wonder how Dr. Dodgeball works or heard of Survivor Dodgeball? This camp will teach you everything you ever wanted to know about dodgeball. Ready, Jailbreak!

Over the River and Through the Woods

North, South, East, West, put your directionality to the test. Set up your outside classroom, learn basic orienteering skills, and wilderness survival. From pitching a tent to building your own solar still to collect water, this camp will teach you everything you need to know to go on an outdoor adventure!

Painting Rocks!

Artists will have a blast developing their painting skills and learning a variety of exciting techniques. Campers will create crazy masks, self-portraits, optical illusions, and much more using watercolors, acrylics, mixed media collage, and modeling clay.

Paper Mâché Madness

First, create. Then, act! This is art and drama all wrapped into one. Get messy as we create our own paper mache masks for many different characters from our favorite folktales. Will you be the big, bad wolf or are you more of the Red Riding Hood type? Either way, we are inviting grandma over for the Friday performances!

Puzzles, Paint, and Pottery

The name says it all. Let your imagination run wild as we discover the world of the three “P’s.” Stimulate your mind (and hands) as we work on puzzles to frame and pottery to create. The only limitation in this camp is your imagination!

Science Mania

You hold the power of air bending and more! Embark on the quest to learn how to master the elements of fire, air, earth, and water. Each day will be full of activities like stomp rockets, making quicksand, creating smoking water, and watching fire bubbles explode. With all these electrifying experiences, who would have known that a summer of science experiments could be so much fun!

Secrets and Lies

Your mission, should you choose to accept: become a secret agent! Learn some methods of being a spy and enter a world of action packed adventure. Discover the secrets of codes and ciphers; all while exploring the history of real spies. Examine the skill of archery, have marksmanship training and use stealth tactics on a simulated laser avoidance course you can’t miss. Sign up, before this message self-destructs!

Sew Fun!

Sewing is an art that is slowly being forgotten. In this camp, we will learn how to work a sewing machine, learn basic sewing techniques, and make pillows to start. As our skills improve, our project difficulty will increase. Join me this week for a camp that is going to be “sew” much fun!

Star Wars Adventures

Come along on a journey to a galaxy far, far away where all things Star Wars collide to create one amazing adventure. Learn as we travel throughout the galaxy getting a glimpse at different groups; from Force users to Stormtroopers, Mandalorians to bounty hunters and so much more. What are you waiting for? Go rogue and sign up, for this new galactic adventure!

Star Wars Tech

The force is with you as you explore the technology shown throughout the Star Wars universe. Whether you side with the Empire, First Order, Rebels or the Resistance, you will learn about the futuristic machines they use. Travel to a galaxy far, far away to examine the vehicles, droids and of course, its weapons. While on this thrilling journey, you will get to build your very own models and create some of your own too.

Stormtrooper Academy

The Academy needs you! Help fight the threat that the New Republic and the Resistance create with chaos and join us where order is a way of life. As cadets, you will receive blaster training, create gear, and more as you prove yourself with daily Academy assessments. Are you ready to become a part of this elite force within the galaxy? Show your allegiance and sign up today!

Studio Art

If you love to paint with watercolors, acrylic, and mixed media, then this camp is for you! Explore a variety of painting techniques and mediums as you build your art portfolio.

Sugar Rush

Willy Wonka's world was made of candy, why can't yours? Come explore the other side of Gobstoppers, Nerds and gummy bears. Do you think it's possible to build a bridge using only Twizzlers, gum drops and bubble gum? How about a tower of chocolate drops, suckers, and cookies? Get ready to use your building skills and enjoy your yummy creations!

Super Scientists

Grab your lab coat and goggles and meet me in my laboratory. This week we will discover wee objects under a microscope, discover different reactions of things in a beaker and we will also see what kind of trouble we can get into with a hot plate. Bill Nye will have nothing on us this week!

Super Summer Sports

Want to learn how to throw that perfect spiral or land that jump shot? Join us in Super Summer Sports! Campers will learn different skills and techniques that will enhance their performance in the sports they love. From football to basketball, we will participate in different sports each day, while also learning the importance of character and sportsmanship. Don't be a couch potato – come join the fun!

Tie Dye Fun

Did you know there is a method to the madness of tie dye? Learn how to create different patterns on different materials and objects throughout the week. Each day will bring a new pattern and a new experience in tie dye. Groovy!

Tiny Pies

Ever wonder how those pies get so small? Come join me in making the perfect size dessert. Each day we will make a different kind of tiny pie, including crust from scratch! Who can resist the smell of a fresh baked tiny apple pie?

Wacky Waffles

Waffles in waffle irons are so 2012. This camp will bring you to the new age of waffle ironing. Waffle omelets, waffle cinnamon rolls, waffle pizza...the list goes on and on! Come and discover what this simple kitchen appliance can do for you!

A Walk Through Diagon Alley

Congratulations on your acceptance to Hogwarts's School of Witchcraft and Wizardry. Having just received your letter of acceptance, it's time to get ready for the school term. Each day you will take a stop at a different shop in Diagon Alley. From making wands at Ollivander's to designing a Monster Book of Monsters at Flourish and Blott's. It won't be easy here at Hogwarts, so please, pay attention!

Water Wars

It's back! 3, 2, 1...Splash! Sponge wars, balloon tosses, and water relays are just a few of the games you will get to play this week! If you enjoy sports, competitions, and WATER, then join us this week for some fun in the sun! Bring sunscreen, a towel, swimsuit, a change of clothes, and water shoes because you'll want to be ready for a week of fun! (Campers may also bring a super soaker, if desired.)

Young Artisans

Did you know that history and art actually intertwine quite frequently? Come to this fact filled camp but also learn to create some of the historical artifacts that you find in museums. Create a dreamcatcher and learn why these are important to different cultures around the world. Travel the world in five days with this fun and informative camp.
