

CFISD Audio Video Production 2

Scope and Sequence

Course Description:

- In Audio/Video Production 2, students work toward being college/career ready by designing, producing, exhibiting, performing, writing and publishing multimedia content, including journalism and entertainment services to be entered in pro-media competitions and/or actual organization use. This course focuses on advanced video production concepts, such as live studio production, motion graphics, video composing, studio lighting, as well as advanced issues involved in producing informational and narrative video, such as script writing, graphics production and project output using different digital methods. Students will be expected to produce several short videos on a deadline in this course. This course will be administered with a project based strategy with an industry-focused pre-production, production, and post production audio system to create useful digital content. Students are expected to use innovative thinking to develop new ideas and processes for solving real-world issues and conveying those ideas to a global audience through a digital product. Issues will include current topics such as health care, government, business, and education. Methods and products will be created for audiences BEYOND the classroom such as school officials, non-profit organizations, higher education officials, government, or other stakeholders.
- Grades 11 – 12, Audio Video Production 1 is a prerequisite
- A \$35 supply fee is required for these courses

TEKS

Cluster: Art, A/V Technology and Communications

Endorsement: Business & Industry

- Meets advanced course requirement (Y/N): N
- Meets foundation requirement for math, science, fine arts, English, LOTE (Y/N-area): N

Industry Certification/Credentials: Adobe Premiere Pro
