Rev for Fall, 2019

CFISD Principles of Education & Training

Scope and Sequence

Course Description:

This course is designed to introduce learners to the various careers and the basic knowledge and skills essential for success within the Education and Training career cluster. Students will study political and historical trends that have influenced the development of education and the cultural and societal changes that have affected educational systems across the United States. They will utilize labor market information, knowledge of technology, and societal or economic trends to forecast job profiles within the cluster. Students will develop a graduation plan that leads to a specific career choice in their area of interest in the Education and Training. (1 Credit)

- Grades 9-11
- Lab supplies or fee may be required.

TEKS

Cluster: Education & Training

Endorsement: Human Services

- Meets advanced course requirement (Y/N): N
- Meets foundation requirement for math, science, fine arts, English, LOTE (Y/N-area): N

Industry Certification/Credentials: n/a
