

CFISD Medical Terminology
Scope and Sequence

Course Description:

This course allows students to develop a working knowledge of the language of medicine by introducing them to the structure of medical terms, including prefixes, suffixes, word roots, combining forms, and singular and plural forms, plus medical abbreviations and acronyms. Comprehending this terminology will not only be beneficial in understanding other science and health science related courses taken in high school, but will also enhance their ability to secure employment or pursue further education in this industry.

- Grades 9-10
- Recommended to be taken prior to Principles of Health Science
- Lab supplies or fee may be required

TEKS

Cluster: Health Science

Endorsement: Public Services

- Meets advanced course requirement (Y/N): N
- Meets foundation requirement for math, science, fine arts, English, LOTE (Y/N-area): N

Industry Certification/Credentials: n/a
