

CFISD Animation I

Scope and Sequence

Course Description:

This course allows students to create animation projects using principles of design to combine graphics, images and sound. A variety of techniques will be explored, including storyboarding, scripting/programming, interactivity, and flip books. The emphasis will be on utilizing the features in Adobe Animate included in the corresponding industry-recognized certification. The goal of providing this training (and potential certification) is to assist students in becoming more marketable and desirable in the workplace. (1 credit)

- Grades 10-12
- Required prerequisite: Digital Media
- Adobe Animate certifications satisfy the requirement to earn a performance acknowledgement.
- Lab supplies and fee may be required

TEKS

Cluster: Arts, A/V Technology and Communication & Information Technology

Endorsement: Business & Industry

- Meets advanced course requirement (Y/N): N
- Meets foundation requirement for math, science, fine arts, English, LOTE (Y/N-area): N

Industry Certification/Credentials: Adobe Animate Certified Associate
