

Instagram for Beginners

Instagram for Beginners

The **notification** symbol

- Similar to the bell in Twitter
- See who's following, liking or commenting on your pics

Instagram for Beginners

The [home](#) symbol

- Resets to the top of your timeline
- Everyone's posts are aggregated here

Instagram for Beginners

The **profile** symbol

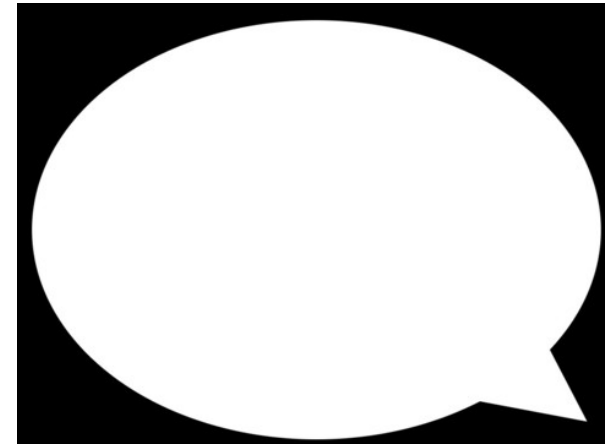

- Edit your profile
- Scroll through your images
- Access your followers and following

Instagram for Beginners

The **comment** symbol

- While viewing a post, push this to see existing comments
- Also push it to comment

Instagram for Beginners

The **like** symbol

- Just like the thumb's-up in Facebook, show that you enjoyed a post
