About Program: Program Description

The Summer Mathematics Institute (SMI) is a fast-paced intensive program for mathematically talented students. Rising 7th – 11th grade students who are excited about learning and have excelled in mathematics are eligible to apply. Participants enroll in a single-class during the three-week residential program and have the opportunity to master one year of high school mathematics.

COURSES TAUGHT: Algebra I, Algebra II, Geometry, Precalculus

*Information for the 2015 program will be posted on this website on February 1, 2015.
