GROUP LONG TERM CARE INSURANCE PROGRAM Underwritten by Genworth Life Insurance Company

Your Group Long Term Care Insurance Program

Teacher Retirement System of Texas (TRS) voluntary benefits include Group Long Term Care Insurance. Under this voluntary Group Long Term Care Insurance Program, coverage to help pay for long term care may be more affordable than you think.

The need

Long term care insurance enhances TRS benefit offerings by meeting a largely unrecognized need many of us may have. It helps pay covered expenses for long term care services whether they are received at home, in the community or in a nursing facility. Here are a few points to consider:

- These expenses aren't covered by either disability or health insurance.
- Relying on government programs may not be a viable solution.
- Without insurance, the costs of these services may have to come out of savings.

The cost

Today, a private room in Texas nursing facilities averages \$72,635¹ a year and costs are rising. Since the average long term care claim lasting longer than a year is 4.2 years², a long term care situation could cost almost \$305,067.

The opportunity

As an active TRS member or retired TRS member, you and your spouse, plus other eligible family members, may be able to buy this important coverage at competitive group rates. This benefit is not available to any employee or retiree with group insurance through the Employees Retirement System of Texas, University of Texas, and Texas A&M University.

- Employees in their first TRS-covered position have 90 days beginning on their employment date to apply for this coverage with reduced medical underwriting depending on their age.
- Current, active TRS members and their spouses may apply for this coverage with full medical underwriting.
- Retired TRS members and their spouses under age 76 may apply for this coverage at any time with full medical underwriting.
- Other eligible family members may also apply for this coverage with full medical underwriting.

Benefit Eligibility, Limitations and Exclusions

To understand the benefits and features available to you under this Program go to www.genworth.com/trs or call 866 659.1970. The limitations and exclusions that apply to this coverage are listed below.

Eligibility for Benefits: Your Group Program can reimburse you, up to your plan limits, for the costs of covered long term care services. You qualify for reimbursement when you need assistance with 2 or more everyday activities which include bathing, continence, dressing, eating, toileting, and transferring out of a bed, chair or wheelchair, and the need is expected to last for at least 90 days; or when you need substantial supervision due to a cognitive impairment, such as Alzheimer's disease. A licensed health care professional must confirm your condition. The services must be part of your plan of care from a licensed health care professional.

Limitations and Exclusions: As with any insurance program, certain limitations apply. Charges that are not covered include those for services: • for which no charge is made • received outside of the United States • provided by your immediate family except as covered under the Informal Care benefit • for which benefits are payable by a Worker's Compensation or occupational disease act or law • provided by a Veteran's Administration or other federal government facility, unless a valid charge is made. Charges are also not covered if they are for services that are required because of: • war or an act of war • attempted suicide or self-inflicted injury • your participation in a felony, riot or insurrection • service in the armed forces or units auxiliary thereto • alcoholism or drug addiction.

Other Limitations on Benefits: Benefits under the Program coordinate with other long term care insurance meaning that the sum of all benefits you receive will not exceed the actual charges. And, benefits will not duplicate benefits received under another insurance program such as: • Medicare • any state or federal worker's compensation, employer's liability, or occupational disease law • any other federal, state or government health care or long term care program, or law except Medicaid.

This is a summary of the limitations and exclusions. State variations may apply to these exclusions and limitations. The specific language may vary or change the impact of the exclusion. For example, in Oklahoma, the war exclusion is qualified. Check your Outline of Coverage for complete details and any state variations that apply.
