Weekly Pacing Guide

Each week students will learn, practice, and review concepts in all content areas. The instructional goals for the current week are listed below, so your child may focus on these concepts while working through the printable activities for the week or within the online learning programs.

<u>Reading/Language Arts</u>	Students will think about characteristics of non-fiction texts, writing letters, and parts of a simple sentence.
<u>Math</u>	Students will review fractions and data analysis.
<u>Science</u>	Students will learn about the life cycle and characteristics of plants.
<u>Social Studies</u>	Students will review changes in Texas History during the 20 th Century.

Reading/Language Arts (45-60 minutes per day)

[\[Accommodations\]](#)

Reading Instructions for Week 3:

This week we will be reading informational texts and making notes about what we are thinking before, during and after reading. Jot your thinking down or share it with someone in your household or even a pet. See the notes in the Week 3 Language Arts Activities for more information and some short texts to choose from.

Remember, there are so many great informational texts available to read on Scholastic Literacy Pro, PebbleGo, and Achieve 300. Refer to [Week 3 Language Arts Activities \[Español\]](#) for more information.

[Week 3 Language Arts Activities \[Español\]](#)

Reading Extensions:

Students should choose a book to read (Fiction or Informational). As you read, remember to make notes about what you are reading or any ideas that you have.

Link to extension choice boards:

Fiction: bit.ly/FChoiceBoard [\[Español\]](#)

Informational:

bit.ly/INFChoiceBoard [\[Español\]](#)

You can use this form to help you take notes as you read [\(Accommodation\)](#) - [\[Español\]](#)

You can use this form to give you a place to write down information as you read. You can use this form to write down characters, the setting, the problem and the resolution. ([Accommodation](#)) - [[Español](#)]

Use the [Reading Comprehension Strategies](#) sheet to help you while you read or the [Good Readers Strategy Checklist](#).

You may:

Make Connections

Determine Importance

Synthesize

Writing:

Writing Instructions for Week 3:

This week's writing lessons will focus on letter writing. In lesson one, writers will study mentor letters to understand their purpose, audience, structure, and content. In lesson two, writers will make a plan for their letter by considering their own purpose and audience. In lesson three, writers will draft, revise, edit, and publish their letter using a checklist.

In grammar, students will look closely at simple sentences and use simple sentences in their writing. Refer to [Week 3 Language Arts Activities](#) [[Español](#)] for more information.

Writing video QR code and bit.ly:

To watch the lesson writing video, type in the link or scan the QR code.
bit.ly/writingweek3

You can use this form to give you a place to write down ideas as you are getting ready to write. You can use this form to write down characters, the setting, the problem and the resolution. ([Accommodation](#)) - [[Español](#)]

You can use this writing graphic organizer to help you organize your thinking when writing your paper ([Accommodation](#)) - [[Español](#)]

Writing Extensions:

- Write letters to your teachers, friends, or family.
- Journal about your spring break or any vacations.
- Create journal entries about daily events.
- Write a reading response about the text you read.
 - Write about the big ideas that you learned.
 - Write any new ideas you learned
 - Write any questions you still have.

Word Study:

Students will identify words with affixes and their meanings. Refer to the video for more direction. You may also refer to the [Week 3 Language Arts Activities \[Español\]](#) for more information.

bit.ly/Week3wordstudy4th

Handwriting:

This week handwriting practice we will continue with cursive.

Refer to the [Week 3 Language Arts Activities \[Español\]](#) for the lesson and activities.

[Handwriting Without Tears](#)

Handwriting Without Tears website provides free access to online programs that supports handwriting instruction, keyboarding, and early learning skills.

[Scholastic Literacy Pro - \[Español\]](#)

Scholastic Literacy Pro is an on-line library for your students. Students may access several books on their level and interest.

[Scholastic Literacy Pro/ Storyworks - \[Español\]](#)

Storyworks magazine has everything teachers need to build language arts skills! It is an engaging magazine full of wonderful activities.

[HMHed](#) - [\[Español\]](#)

HMH Into Reading is a digital textbook and books for students with many reading and writing options.

[Istation](#) - [\[Español\]](#)

Istation's innovative reading, math, and Spanish programs immerse students in an engaging and interactive environment and inspire them to learn.

[Achieve3000](#) – [\[Español\]](#)

Achieve 3000 offers a wide variety of reading and writing options for students. Students may read daily articles and answer questions.

[PebbleGo Next](#) [\[Español\]](#)

PebbleGo Next contains informational articles, ready-made activities, and literacy supports for students in grades 3rd-5th.

[Capstone](#) [\[Español\]](#)

Capstone Interactive has the perfect eBook waiting for you! Choose from different subjects, genres, and levels to find just the right book. And every title is supported by audio recorded by professional voice-over artists!

[National Geographic Kids](#) [\[Español\]](#)

An interactive website with videos, games, books, etc.

[TumbleBooks](#) - [\[Español\]](#)

The TumbleBook Library is an online collection of animated talking picture books. Each story comes with puzzles and games geared to ensure reading comprehension.

Brain Break (10 minutes)

Brain relief opportunities give students a structured “brain break” and usually offer children structured time for movement and exercise.

[GoNoodle](#)

Movement and mindfulness videos

Math (45-60 minutes per day) [\[Accommodations\]](#)

[ThinkCentral Student](#) - [\[Español\]](#)

Use the link and follow the instructions to access the GoMath textbook.

Module 17: Represent and Interpret Data

- Lessons 17.4, 17.6

Please view this link to watch a video to help support this lesson:

[Interpreting Data Video](#)

Math Activities

Additional Math at home learning opportunities.

1 - 10 Numberline ([Accommodation](#))

1 - 20 Numberline ([Accommodation](#))

100s Chart ([Accommodation](#))

Multiplication Chart ([Accommodation](#))

Problem Solving Worksheet ([Accommodation](#))

TouchMath Number Strips ([Accommodation](#))

ABCya

Go to the website and click on your child's current grade level. From there, you can select the category you'd like to focus on: Numbers, Strategy, or Skill. Once you find a game that your child will enjoy, you can click to see a description of the game's educational value, as well as instructions on how to play.

**Greg
Tang
Math**

Greg Tang Math

- [Greg Tang Spring Board Math](#) (use this game board to guide you before going to website)
- Go to [GregTangMath.com](#)
- Click the buttons at the top to access Games.
- Click the Resource button at the top for Books.
- Mark off each square on the gameboard as you finish the activity.

[Prodigy](#)

Click on “Play Game”. Students use their single login to play.

Prodigy is a curriculum aligned math game for students. Students must solve math problems to progress in the game, and they are challenged with math battles.

[Origo Education](#)

Here is a free Learning at Home resource provided by Origo Education. Click on the link and when you scroll down the page you will see “United States: click here to enter.”

There is a video that tells all about the At Home lessons and the navigation. Then you can select the grade level K-5th. Once you click on the grade, you can see the available lessons. This resource can be accessed in both English and Spanish. Please enjoy using these lessons with your children!

[Waggle - \[Español\]](#)

Use the link and follow the instructions to login using your my.cfid.net login information.

Once in the program, use the link to follow these instructions to access the Games:

[Games Instructions](#)

Assignments will not be assigned at this time.

Waggle offers the ability for students to engage in adaptive math foundational skills practice from home. It is designed to meet your child where they are and present appropriately leveled questions in a very engaging way.

[Math Playground - Thinking Blocks Addition and Subtraction](#)

Space Race 3000: Build a model to help you solve each addition word problem. Help your robot team win the race!

[Math Playground - Thinking Blocks Multiplication and Division](#)

Disappearing Dinos: Build a model to help solve each multiplication word problem. Find all of the dinos to build your theme park!

Brain Break (10 minutes)

Brain relief opportunities give students a structured “brain break” and usually offer children structured time for movement and exercise.

[Brain Pop](#)

Username: CFISDBrainPop2020

Password: CFISDBrainPop2020

BrainPOP Jr. has online animated curriculum-based content for science, health, writing, reading, social studies, and math based on national education standards. The site includes videos, games, quizzes, and various activities.

Science (45-60 minutes per day) [\[Accommodations\]](#)

4th grade students are currently working on life Science concepts. Students are expected to explore, illustrate and compare life cycles in living organisms. This lesson will focus on the plant life cycle.

[HMH Science Fusion](#) - [\[Español\]](#)

- Unit 11 - Plants and Animals
- How Can We Explore a Plant's Life Cycle?

Students will be guided through a virtual activity to explore what seeds need to begin to grow into plants and how long this process takes.

You can use this form to write down what you have learned [\(Accommodation\)](#)

You can use this form to help you learn the Plant's Life Cycle [\(Accommodation\)](#)

[BrainPopJr - Plant Life Cycle](#)

Login using the following:

Username: CFISDBrainPop2020

Password: CFISDBrainPop2020

- Plant Life Cycle

Have students access the **“Plant Life Cycle”** video. Students will watch the video. Below the video, there are lesson extensions to click on. Students can choose to **“Draw About It”** or **“Write About It”**.

[Explore Learning / Gizmos](#) - [\[Español\]](#)

- Fast Plants 1 - Growth and Genetics

Gizmos are interactive science simulations. Have students access the “Fast Plants 1 – Growth and Genetics” Gizmo. In the Lesson Materials section download the Student Exploration Sheet and have students follow directions to guide them through **Activity A** of the simulation.

We also recommend the following Gizmos to practice scientific skills: Triple Beam Balance, Measuring Volume, Graphing Skills

[Bringing the Zoo to You](#)

Visit with the zookeepers and animals at the Houston Zoo! Learn about how the zookeepers are caring for our furred, flippered, and feathered friends while the zoo is closed. Complete one of the activities to learn more about the animal of your choice.

[Monarchs on the Move](#)

The Monarch Butterflies have begun their migration north from their winter home in the forests of Mexico. Learn more about the Magical Monarchs from the Texas Wildlife Association. Click the Monarchs on the Move link to access the webinar and viewing guide. Good luck spotting migrating Monarchs!

[JASON Learning](#) - [\[Español\]](#)

- Immersion Learning - Secrets of the Gulf
- Flower Garden Banks Video

JASON Learning is a nonprofit founded in 1989 by Dr. Robert D. Ballard. JASON provides curriculum and learning experiences in STEM for K-12 students. Each Unit is filled with videos of scientists working in the field and inquiry lessons about exploring the ocean.

**Students must be logged in to Google to access the JASON Learning website.*

[Google Login Directions](#)

[Week 3 Science Activities](#) [\[Español\]](#) [\[Accommodations\]](#)

Additional Science at home learning opportunities.

Brain Break (10 minutes)

Brain relief opportunities give students a structured “brain break” and usually offer children structured time for movement and exercise.

[April Family Daily Fitness Movement Calendar](#) - [\[Español\]](#)

The Family Daily Fitness Movement Calendar contains daily activities for family fitness.

Social Studies (45-60 minutes per day) [\[Accommodations\]](#)

Click [here](#) to learn more about some special days in April.

[Achieve3000](#) – [\[Español\]](#)

Achieve 3000 offers a wide variety of reading and writing options for students. Students may read daily articles and answer questions.

Students may read and save the following titles to their device. Click on each title or book to read.

Texas in the 20th Century (informational) [English](#) [Spanish](#)

Big Tex and the 800 Year Old Man (drama) [English](#) [Spanish](#)

Daily Reading (30-45 minutes per day) [\[Accommodations\]](#)

Includes independent reading and books read aloud to students.

It is important that students are read to daily. There are many read aloud options on our on-line learning resource's page. During this time many teachers, authors, celebrities are reading on-line to our students. If you do not have access to the internet, then choose part of your child's book and read it aloud to them, stopping to ask them questions.

[Fun Read Aloud](#) from a guest reader.

[Author's Website](#) - [\[Español\]](#)

Authors read books aloud to students and involve them in various responses to books read aloud.

PE, Art, and Music

Fine Arts, art and music, are an important part of each week for students. Physical Education, PE, provides time for students' bodies and brains to be in motion daily.

[Elementary PE](#) - [\[Español\]](#)

[Elementary Art](#) - [\[Español\]](#)

[Elementary Music](#) - [\[Español\]](#)
