Edgenuity – May 18th

Reading and Writing for College and Career

Literary Text: Read through the lesson materials for *Career Research, Goals & Planning, Career Plans,* and *Create a Career Plan*

Use the O*NET link in the *Create a Career Plan* section to research a career you are interested in. After you determine a career you'd possibly like to pursue, write a plan down that includes the time, education, and financial resources it would require to pursue that career.

K-Level Extension for English III Learning at Home Packet - May 18th

Directions: Follow the instructions for the RECORD and READ sections of the lesson. Then, read the two articles:

- “Moving Forward: How does culture influence your goals?”
- “Texas – History and Culture”

RESPOND: Synthesizing Ideas

Answer the questions posed at the end of the article titled “Moving Forward: How does culture influence your goals?” Use evidence from the articles, your life, and your experiences to support your answers.

1. So which cultures were you born into, and which do you choose on your own? Why?
2. How might these cultural communities have shaped your interests, your activities or even your future?
3. How does culture determine who you want to be in life? How does culture influence your goals?
