

October 27, 2020

Nutrition Services will be preparing shelf-stable meal kits for students to take home on Monday, Nov. 2, since the district has designated Tuesday, Nov. 3 as a Remote Learning Day from home. These meal kits will be the same for all students (unless your student has been receiving a pre-packaged allergen-free or dysphagia meal from our café). The meal kits will include allergen information.

If you do not want your student to consume the prepared meal kit, please contact Katie Barckholtz in Nutrition Services at katie.barckholtz@cfisd.net, and we will provide an alternate allergen-free meal for you to pick up at your student's home campus on Tuesday, Nov. 3. Please include your student's name, date of birth, and home campus. This meal will include:

- Turkey ham on gluten-free bun
- Baked Tostitos scoops
- Applesauce pouch
- Baby carrots
- Bottled water
- Choice of regular milk or soy milk, if appropriate

If your student will be on campus on Tuesday, Nov. 3, and needs an allergen-free meal, please contact your school cafeteria to request this allergen-free meal.

These meals will be available at no cost to the student.

Sincerely,
CFISD Nutrition Services
