

Jan. 13, 2021

Memorial Hermann is partnering with NRG Park to host a COVID-19 Vaccine Drive-Thru Clinic at NRG Park Jan. 14-17. At the four-day event, Memorial Hermann plans to vaccinate 13,000 Memorial Hermann patients and members of our community who are 65 years of age and older, consistent with the State's Phase 1B guidance.

Registration is now open to members of the community who are 65 years of age or older. Those who are not 65 years of age or older will not be eligible for vaccination at this particular event. Vaccination will be by appointment only. Walk-ins will not be accommodated. Vaccine supply is limited, and appointments will be scheduled on a first-come, first-served basis until all available appointments are full. Registrants are required to complete a vaccination verification form to confirm their eligibility. Those who are eligible will receive a single-use, personalized scheduling link through email and can schedule an appointment if slots are available.

If you or members of your family meet the age requirement, please access the [link to register](#).

For additional details about this event, read the NRG Park [Event Frequently Asked Questions](#).
