

March 3, 2021

The Houston Health Department has opened a new waitlist for its initial allotment of the one-dose Johnson & Johnson COVID-19 vaccine. The department's original vaccine waitlist is for the Moderna and Pfizer vaccines, which require two doses.

Both waitlists are available at HoustonEmergency.org/covid19 and are open to all age groups eligible for vaccination under the Texas Department of State Health Services criteria. The waitlists are used to schedule the department's allotment of appointments at the FEMA community vaccination center at NRG Park and its other vaccination sites.

Sincerely,

CFISD Communication
