GRADES K-1

Crafty Crew Art Camp

By Stephanie Petzolt

We will craft everything from A to Z! Come and create a clothespin alligator, gumball machine, and a Koala collage. Take home your very own pet rock, glitter slime, and balloon yo-yo. It will be craftastic!

Crayola Craze

By Stephanie Petzolt

Discover the magic of color with hands-on Crayola fun! Crayons are not just for coloring at this camp! From melted crayon art to DIY crayon playdough, the crayon experience will be one to remember. Even make incredible projects to take home!

Full STEAM Ahead

By Jesselyn Flores

Explore the wonderful world of STEAM! Discover mass using helium balloons and stuffed animals. Explore sounds by creating a comb kazoo and a simple quack. Build the solar system using different kinds of beans and seeds to represent the planets. This is for the curious mind seeking to explore STEAM this summer!

Get Your Game On!

By Alicia Almanza

Come join the fun playing with scooters, basketballs, a parachute, hula hoops, scarves, beanbags and more! We will also have bowling lanes from Copperfield Bowling Alley! Come join us for an array of your favorite gym games and activities and get some energy out! An "Athlete of the Day" will be awarded for top skills and sportsmanship.

Get Your Head in the Game!

By Deborah Barholomolew

"Hula hoops! Jump ropes! Bowling Balls and more! Perfect for your eye-hand coordination with tennis and your eye-foot coordination with soccer! And of course a few pool noodles, scarves, and bean bag games for sure!"

Legomania

By Renee Hebert

If you like to build and create using Legos and your imagination, then this camp is for you! Use your creativity to build cars, boats, people, animals, cities, and more. We will challenge you to coding a Lego maze, constructing a bridge, creating a secret Lego code, and make a Lego pod!

Let the Reading Games Begin...Go for the Gold!

By Gabrielle Idowu & Renee Hebert

Let's go for the GOLD this summer with some of our favorite stories. We will make crafts, eat creative snacks and participate in Hands-On STEM activities with some of our favorite titles. Our week will be jam-packed with fun activities. I can't think of a better way to spend a week of summer than by becoming an OLYMPIC READER. Come and RUN the RACE with book titles like Misunderstood Shark, No-Bot the Robot with No Bottom and our all-time favorite Forky in Craft Buddy Day. It's a week you won't want to miss.

GRADES 2-3

Artsy Craftsy

By Katrina Jones

Put your crafting creativity to the test! The paper mache hot air balloon will have you soaring in your craft. Who doesn't love duct tape art? Choose among the endless duct tape designs! Get ready as you create an "I am canvas" masterpiece all about you! Sign up for crafts galore with even more in store!

Basketball Camp

By Rebecca Watzke

Let's cover the basics: pass, catch, dribble and shoot! Learn the triple threat position, jump shots, rebounding, free throws, motion offense, and defensive stances. End the week with a competitive basketball game! Be the King of the Court with this camp!

Coder Kids Combo

By Taylor Kalen

Join us for an adventure in coding! We will learn how to animate characters and create games using sounds and special effects. Experience coding both with and without a computer using basic programming skills. Come to our coding playground and leave as a computer programmer!

Crayola Craze

By Jasmine Germano

Discover the magic of color with hands-on Crayola fun! Crayons are not just for coloring at this camp! From melted crayon art to DIY crayon playdough, the crayon experience will be one to remember. Even make incredible projects to take home!

Endless STEM

By Latisha Mays & Alicia Starrett

Science, Technology, Engineering, Math with food.....OH MY!!! How strong is spaghetti? Can milk turn into plastic? Can I build a snack mixer machine? Come experience a week of mind blowing STEM activities that will get your brain thinking.

Get Your Game On!

By Alicia Almanza

Do you like games? Have you heard of Scooter Boat Knock Down, Ga Ga Ball, Air Raid, or Newcomb? We will also have real bowling lanes from Copperfield Bowling Alley! Play indoor soccer in the cool air conditioned gym. Come join us for an array of your favorite gym games and activities. An "Athlete of the Day" and "Good Sport of the Day" will be recognized for top skills and sportsmanship.

Legomania

By Katrina Jones & Kimberley Moon

If you like to build and create using Legos and your imagination, then this camp is for you! Use your creativity to build cars, boats, people, animals, cities, and more. We will challenge you to code a Lego maze, construct a bridge, create a secret Lego code, and make a Lego pod!

GRADES 2-3

Space Camp

By Jessica McAllister

Become a NASA recruit and unlock the Alien Message Cypher, investigate the solar system, and do a simulation of what it feels like to walk on the moon. Create a constellation jar and watch it light up! Design your own new planet to add to our solar system. All this and more as you earn your very own NASA ID badge!

Summer STEAM Olympics

By Liz Skinner & Latisha Mays

Do you enjoy a challenge using your science, technology, engineering, art, and math skills? STEAM camp combines hands-on building challenges, digital investigations, science experimenting, artistic exploration and more! A summer of Olympic STEAM challenges coming your way! Challenge #1: How will you build the Olympic rings for the opening ceremony?

Taste of Texas

By Jenny Burke

Explore the great state of Texas with recipes, crafts, activities, and games. Take a virtual tour of the Blue Bell Creamery and the Dr. Pepper factory. Taste test ice cream, make homemade fruit juice, bake cornbread, and freeze Texas popsicles. Don't forget the favorite rodeo experience with fried Oreos and funnel cakes as we barrel race outside with our bandanas and boots! All this and more because everything's bigger and better in Texas!

Basketball Camp

By Rebecca Watzke

Let's cover the basics: pass, catch, dribble and shoot! Learn the triple threat position, jump shots, rebounding, free throws, motion offense, and defensive stances. End the week with a competitive basketball game! Be the King of the Court with this camp!

Chemistry ReACTION Camp

By Mark Breerwood

Explore the amazing and fantastic world of chemical reactions! Discover how much chemistry is around us and how it affects our daily life. Come take the opportunity to work with a number of chemical reactions, from the sublime to the incredible. Walk along the atomic side this summer!

Games Galore!

By David Dissly

You will be playing non-stop games all week! Bowling Pin War! Ring It Basketball! Mario Cart Tennis! 9 Square and more! Get ready to be the MVP of this camp!

Hip Hop Dance

By Tony Moma

Learn the basic hip hop moves by a true dance instructor from Impact Fitness & Dance Studio. Get ready to perform a hip hop dance in small groups by the end of the week!

Sparkle and Shine Crafty Design

By Latrice Martin

Do you like to wear fashion accessories that are unique and one of a kind? Create hair accessories and jewelry that no one else has at this camp! DIY the cutest pencil holder you've ever seen and bling it out. Of course, we can't forget something to share with our BFF's... we will also be making friendship bracelets and fancy frames.

Summer STEAM Olympics

By Jenny Burke

Do you enjoy a challenge using your science, technology, engineering, art, and math skills? STEAM camp combines hands-on building challenges, digital investigations, science experimenting, artistic exploration and more! A summer of Olympic STEAM challenges coming your way! Challenge #1: How will you build the Olympic rings for the opening ceremony?

Taste of Texas

By Cherish Hughes

Explore Texas on a map with recipes, crafts, activities, and games. Take a virtual tour of the Blue Bell Creamery and the Dr. Pepper Company. Taste test ice cream, make homemade fruit juice, bake cornbread, and freeze Texas popsicles. Don't miss the famous rodeo experience with fried Oreos and funnel cakes as we barrel race outside with our bandanas and boots! All this and more because everything's bigger in Texas!

Technology Inc.

By Christina Lockett

Do you love playing video games? Do you love playing games like Fortnite on the computer with your friends? Come to coding camp where you can learn how to create your own video games and animations.

WeVideo Workshop

By Ryan Burke

Learn how to layer video and sound in the WeVideo Editor. Use "Green Screen" to create a scene for your video. Improvise a Narration/Voice Over to go with your images. Finish, publish, and share with a viewing party and peer evaluation with a fun snack!
