

April 5, 2021

Message from Houston Methodist:

Houston Methodist is a state-designated vaccine hub for the at-risk public, and as such, we receive vaccine from the state. We are limited by the supply of vaccine we receive and are working hard to vaccinate our community as supplies allow. All individuals age 16 and older are currently eligible to receive a COVID-19 vaccine in Texas. Click the button below to schedule your vaccine appointment.
