

October 21, 2011

Early voting begins on Monday, October 24, 2011. This is not a presidential election, but this is an important election. First, voting is a civic duty and privilege. Secondly, the ballot includes two positions for the CFISD Board of Trustees. There are seven positions on the board, and this year you have the opportunity to select two trustees.

During early voting, registered voters can vote at any site -- no matter where they live in the county. We have posted [early voting locations](#) on the district's website.

So that patrons would have an opportunity to meet and ask questions of the trustee candidates, a **Candidate Forum** was held on October 18. If you were unable to attend, the forum is posted in its entirety and sorted by [individual question on CFTV Online](#). It is also airing on CFTV Comcast Channel 16.

In addition and for your convenience, *Inside Cypress-Fairbanks ISD* is posted on [the website](#) with election information and candidate responses to questions.

Please participate in the democratic process and our privilege of electing officials.
