3. **2012 Adequate Yearly Progress Report.** (Linda Macias)  
Adequate Yearly Progress is the federal accountability provision in the No Child Left Behind Act and Districts, campuses, and the State are required to meet AYP on three measures: R/LA, Mathematics, and either graduation Rate for high schools and district or Attendance Rate for elementary and middle schools. Twenty-five of our campuses did not meet AYP and seven of the twenty-five are in Stage 1 of School Improvement because they have not met AYP for two consecutive years. School choice was offered for students at the Stage 1 schools. The AYP standards for this school year are 93% for reading and 92% for math. The standards for the 2013-2014 school year are 100% for reading and 100% for math.
