

**Title:** Partstack Future Leaders in Engineering Scholarship

**Deadline:** Jan. 5, 2024

**Award Amount:** \$2,500

Partstack Corporation is offering up to four (4) \$2,500 scholarship awards to students who are interested in pursuing (or currently pursuing) engineering majors (and related sciences majors) at a 2 or 4-year institution. Our future depends on semiconductors. As America grapples with recent semiconductor microchip shortages, an educated engineering workforce must be ready to meet the challenge. **Our Future Leaders in Engineering Scholarship** was founded to ensure that the next generation of diverse engineering leadership has an opportunity to pursue higher education to tackle this and other major engineering problems.
