

Title: Carrington-Philbert U.S. Undergraduate Scholarship

Deadline: May 1, 2024

Award Amount: \$2,500

Program Description:

This scholarship was established by Malcolm Carrington and Sherwin Bridgewater in memory of our grandparents, who instilled indomitable values of education, pursuing knowledge and achievement excellence in spite of circumstances. The road was not always easy nor were resources readily available, but the will and desire to achieve were resolute.

While the scholarship provides financial assistance, the recipients would benefit from the combined experiences and expertise of the CPS team which includes coaching and mentorship. Our aim is to ensure a smooth, memorable and fun transition into college. We encourage you to strive for academic excellence and never neglect your valuable contribution to society.
