

Title: Children Impacted By Crime Scholarship

Deadline: June 1, 2024

Award Amount: \$250

Program Description:

Since 2013 WriteAPrisoner.com had maintained a very important scholarship program to benefit the children of inmates and the children who have been victimized by crime (either themselves or a member of their immediate family.)

The Children of Inmates Scholarship Fund and the Children as Victims Scholarship Fund will award annual scholarships to students who are pursuing a college education. While our primary goal has always been to reduce recidivism, we also recognize the importance of prevention – preventing citizens from a life of crime and incarceration. The scholarship program emphasizes this aspect of prevention. Education is a critical step toward a crime-free life.
