The CFISD LTE 1:1 Hotspot program provides a hotspot to any student who does not have access to Internet at home. After 90 days of non-use, the Hotspot(s) will be disabled and should be returned to the campus immediately. If your student no longer needs this device or withdraws, the Hotspot must be returned to CFISD.

The CFISD LTE 1:1 Hotspot program has the following parameters:

1. Only CFISD distributed Chromebooks can connect to the hotspot.
2. Only CFISD-approved educational sites can be accessed using the hotspot.
3. Social media sites, such as, Facebook, Instagram, TikTok, etc., will not be available to students.
4. Hotspots are intended to be used only within the CFISD boundary.

If the device is destroyed, I agree to pay the following charges:

Charger – \$21  
Case – \$7  
Hotspot – \$64

I agree to the terms of use outlined in this form.
